

## CATTARAUGUS COUNTY OFFICE OF EMERGENCY SERVICES

303 Court Street  
Little Valley, NY 14755

---

### **Certified First Responder** **Textbook Information – December 2025**

Students are responsible for obtaining their own books and bringing them to class. Having a textbook is a requirement to take any original or refresher CFR training. Workbooks are recommended and may be required by individual instructors; contact your course instructor for details.

**CFR Book: Emergency Medical Responder: Your First Response in Emergency Care (8<sup>th</sup> Edition)**

**CFR Workbook: Emergency Medical Responder: Your First Response in Emergency Care (8<sup>th</sup> edition) Student Workbook**

Each student must have a CPR book and textbook (a workbook, too, depending on course policies) to complete the course. Electronic versions of the books are also available and acceptable. Students may borrow a book from a fellow CFR or buy one. Students should contact their sponsoring fire department or EMS agency to see whether it will cover the cost of the books, as that decision is up to each department's policies. Contact the Office of Emergency Services with questions at (716) 938-2244.
